Mediterranean Sea and Atlantic Ocean

Seaduction Yachts invites you to join an exclusive Co-ownership program, giving you the chance to own a share of a luxury Yacht!

## **Introduction to the Concept of Yacht Ownership**

Seaduction Yachts offers a unique opportunity to enjoy 5 weeks of annual yachting holidays on a luxury yacht without the hassle of operational management. With shared ownership of the Paladio Yacht, you can sail the most exclusive seas with the confidence that everything is professionally managed for you.

Our dedicated team will handle all the details, from route planning to on-board services, so all you need to do is choose your destination, pack your bags, and relax. We'll take care of food and beverage menus, restaurant and beach club reservations, and any other services you might need. Your crew will be at your service throughout your 5-week holiday, ensuring a seamless and enjoyable experience.

Can't use all 5 weeks of your yacht time? No worries simply return the weeks to us, and we'll do our best to charter them for you. Alternatively, you can rent out your weeks independently and earn some investment back.

Prefer to stay on land for a while? We understand! You can exchange your week(s) on the Paladio for a stay in a luxury Villa in the Canary Islands, and enjoy the winter sun by your private pool (check out our exchange program)

## Technical Characteristics of the Paladio Yacht

- Dimensions and Capacity

The Paladio yacht, with a length of 24.40 meters and a beam of 6 meters, offers almost 300 m<sup>2</sup> distributed on three decks. Onboard, it can accommodate 12 guests during the day and 8 adults and 2 children at night.
